

**Free Florida-specific Webinars
Approved for AICP CM credits**

Are you a concerned citizen seeking to become more involved in your community's planning process? Are you an elected official or government staff seeking ways to make your community more energy efficient and cost effective? Are you a professional planner seeking AICP CM credits? 1000 Friends of Florida and the Future is Now Foundation have partnered to produce a series of free, Florida-specific on-line webinars that have been approved for AICP CM credits.

These are available on-line and you may view them at your convenience. To register for each webinar, you may visit energysmartplanning.org, click on "On-Demand," click on "Replays," and then click on the title of the desired webinar for registration information:

- **Smart Planning for Communities: Tapping Green Energy Strategies**
